

## GRID CLIPS (BUILT-IN)

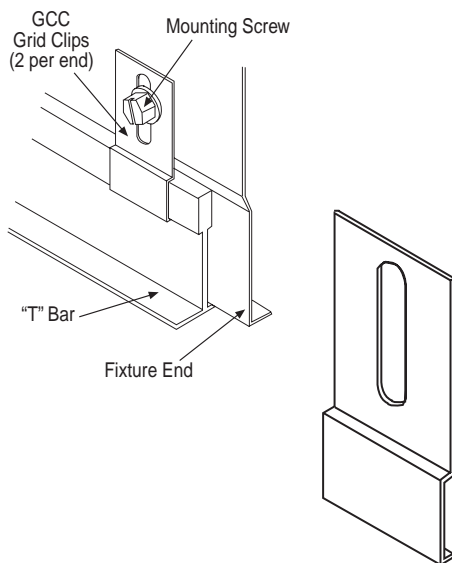

Standard on most recessed troffers except 2x2 P3 and P4 Paralouvers. See specification product pages for details.

Patented, U.L. listed, and tested to meet the requirements of article 410.16 of the 1993 National Electric Code.

## OPTIONAL GRID CLIPS

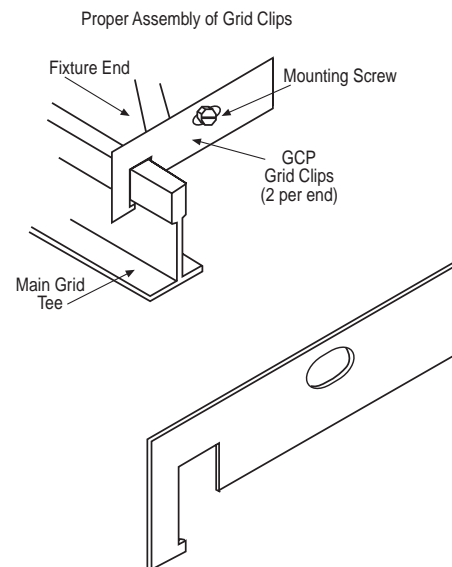

### GCC

GCC grid clips consist of four clips and four mounting screws. Can be used with all recessed luminaires except where GCP is utilized.

For use with 4' x 4' P4 Paralouvers.

### GCP

GCP grid clips consist of four clips, use screws already on luminaire. For use with all recessed 2' x 2' P4 and P3 Paralouvers and 3 Lamp 2' x 2' VDT Ultra.
